Gallows Casts Shadow; Eight Are Indicted

(EXCLUSIVE DISPATCH.)

CHICAGO, May 11.—Eight union-labor leaders were indicted in quick time tonight by a special grand jury on charges of murder and inciting to murder. Heading the list are "Big Tim" Murphy, "Con" Shea and "Frenchy" Mader. The others are Isadore Braverman, Jerry Horn, Dan McCarthy, Tim Hogan and Bob McClood. The specific charge is the murder of *Deborah* Glusko and *Victor* *...*

PEACE-SEEKERS
VISIT HARDINGChilean-Peruvian Delegates
Lunch at White HouseTaco-Arica Conference to
Open MondaySatisfactory Program is
Expected

(BY A. P. MORGAN WIRE.)
WASHINGTON, May 11.—The problem of defining the exact scope of the Chilean-Peruvian conference here is developing some interesting ramifications as the preliminary discussions of the two delegations near a conclusion.

Outwardly all delegates expressed confidence that as soon as the conference has been initiated formally at Tacna Monday's plenary session the situation of arranging a satisfactory program will be easily and quickly settled. These predictions are made, however, in full realization that certain factors of uncertainty hover in the background.

WORLD SECRETARY VOID
One factor which promises at once to center attention on the question of Tacna is the presence in the United States of a delegation of active Peruvian delegates to the plenary session. The delegates are expected to come to Washington in advance of the conference opening to present President Harding a memorial declaring that the treaty of Ancon, by which their province was ceded by Peru to Chile, is null and void.

Another undetermined question is whether the government of Bolivia, which once sought unsuccessfully to be made a party to the Tacna negotiations, will find an opportunity before the conference is over to formally press its claim of interest in the disposal of Tacna-Arica.

The possibilities of these and other elements, which are strictly speaking, outside the conference proper, are being borne in mind by the Chilean and Peruvian delegates as they complete their preparations for the opening of the conference.

Agenda today the delegates held separate meetings with their advisers and the ambassadors of their governments here, going over minutely the points of negotiation which are expected to come first to the attention of the conference.

DELEGATIONS MEET
The two delegations were brought formally together for the first time today at a luncheon given at the White House by President Harding, at whose invitation the conference is to be held.

Although the White House dinner was said to be purely social in character, it is understood that President Harding took the lead in giving the occasion an air of the greatest cordiality, expressing informally and impartially his hope that a satisfactory solution of all Chilean-Peruvian differences would result from the negotiations.

Another angle of the conference was called to the attention of the American, Chilean and Peruvian officials when Dr. Virgilio Betela of Guatemala and James Brown of New York, representing the World Peace Congress, offered Mothers' Day

ISADORA DUNCAN
ON HONEYMOONNoted Dancer Anxious to
Retain American
CitizenshipBY CARLE AND ASSOCIATED PRESS.
MOSCOW, May 11.—Isadora Duncan, the dancer, and her 27-year-old impressionistic poet-husband, Melius, to whom she was married recently, are planning to leave here on an airplane honeymoon trip to Berlin.

Miss Duncan said she desired to retain her American citizenship. An American law provides that a wife's citizenship follows that of the husband, and that if the husband is an alien, she must follow him. She said she was planning to make a fast track "to make an immediate investigation of the situation herself."

The hearing on the writ for Murphy and Mader was continued until tomorrow morning, following the demand of the state for more time to prepare its formal charges. The hearing on Shear's petition was continued until Saturday.

Chief of Police Pittman, declaring that he had sufficient evidence to support his charges, said that if the writ of habeas corpus was granted, the state would be forced to release the two men.

The possibility that the problem of Tacna may come prominently before the delegates at the plenary session has aroused lively interest in Latin-American diplomatic circles generally.

SAN FRANCISCO, May 11.—Fireworks developed today in city circles over the labor situation in public school building.

James O'Meara, who has the plumbing contract for the McKinley school, decided to place armed guards on the project to save his non-union employees from possible assault.

Complaints were made of this and Timothy Reardon, president of the Board of Public Works, notified O'Meara that his guards would not be permitted on city property and if they persisted, would be arrested as trespassers.

Meanwhile the Board of Supervisors continued the investigation of the complaint of A. L. Lettick, plumber, who had refused to furnish his material until he was paid for his work on the job with equal representation.

The Board of Public Works will pay the heads of the houses of the city, but the city will not pay the heads of the houses of the city.

FIFI GRILLED BY ATTORNEY

Principal in Divorce Suit
Remains Calm

So-Called Confession May
be Admitted

Mrs. Stillman Tells of
Hiring Guide

(REUTERS DISPATCH.)
FOURHUNDRETH (N. Y.) May
11.—The so-called "confession" let-
ter, penned by Mrs. "Fifi" Stillman
to James A. Stillman from the
Hotel Irongate, Buffalo, before the
birth of Guy Stillman, may be ad-
mitted against her tomorrow when
Referee Gleason tries to prove his
decision. The banker has made
the letter one of the mainstays in
his fight for a divorce and a ver-
dict on the legitimacy of Guy.

The letter, said to contain state-
ments counted as proof, and to
Mrs. Stillman's case, was ruled out
of the case some months ago by
Supreme Court Justice Morgan-
son when he established Mrs. Still-
man's \$25,000 a year salary. The
court then held the letter to be
a privileged communication be-
tween husband and wife.

FIFI UNREPLIED
Mrs. Stillman, cross-examined
four hours, was unflinching and was
not hesitant in any of her replies.
Her only hint of nervousness was
an occasional fumbling at a small
gold chain worn on her daily jew-
elry.

Under questioning the witness
told her husband came to be hired
as a guide. She said that he had
been recommended by a friend, a
Montreal business man, who was
then secretary of the St. Maurice
Fish and Game Club. He was re-
tained at \$3 a day.

Then the questioning switched
to Mrs. Stillman's visit on April
18, 1918, to the Hotel Irongate at
Buffalo. Guy Stillman, then a
yearling and the questioning dealt
with the purpose of Mrs. Stillman's
visit to the hotel.

Asked by Col. Russell, attorney for
Mr. Stillman, to tell what aided her
when she called upon Dr. Russell,
Mrs. Stillman said she "was tired
and worn down by the care of her
family and children."

"Did you talk with him," she
was asked.
"Yes, I told him how badly I
felt. I felt badly all over."

"Did you know the cause of
your trouble?"
"Not then," the witness re-
sponded. "I know now. I want-
ed to get away from people, and
rest—I felt fagged out."

"Did Dr. Russell tell you,"
asked Col. Russell, "that you were
like a high-strung horse—that
you fretted too much?"
"I have no recollection of that."

"Did he advise you against
medicines?"
"Please answer my question,"
said Col. Russell. "Did he
advise you against medicines?"
"No."

ADmits CONFESSION
She returned later to see Dr.
Russell in Buffalo, and gave
details to questions as to whether
the confession had been admitted.
"Thank God, you are safely back," or
"I hope you've not come to harm,"
she admitted that she had had a
telephone conversation with Mr.
Stillman from the hotel, and that
the banker had come with her and
home with her.

Mr. Stillman's attorney tried to
have the witness identify exhibit
A, the "confession" letter. On
objection by her counsel, this was
held over by the referee for a
verdict tomorrow.

It was regarded as significant
in connection with the presentation
of the important "confession" letter
another witness, regarded as
not so vital, that counsel for the
banker had David N. Carvalho,
handwriting expert, in court, ap-
parently to testify to the chi-
rography of the communications.

It was said that he might be called
to the stand tomorrow if the let-
ters are admitted.

SAN FRANCISCO, May 11.—
Warning that the Stars and Stripes

in ten years unless this Congress,
or the next at the latest, passes
the ship subsidy bill or a similar
measure, was sounded by John J.
Barrett, former secretary of the

"The United States and the
Pacific Coast, particularly, must
face strong Japanese competition
in shipping and general import and
export trade in the vast fields of
Pan-Pacific and Pan-American
commerce," Mr. Barrett declared.
"It is a situation where Japan has
equal rights in every respect with
the United States. Therefore, it is
of the highest importance that
the business interests of the coun-
try at large, and especially of Cal-
ifornia, Oregon and Washington,
should take steps to meet this po-
tential competition. This can be
successfully accomplished only by
passing the bill proposed by the
United States Shipping Board or
by other Congressional enactments
of equal protective character."

TEACHER TO LEAVE LA HABRA COLONY

MISS MACKAY TAKES ON MORE
WORK IN A BROADER
FIELD

(LOCAL CORRESPONDENT.)
LA HABRA, May 11.—Because
of marked success with the work
Miss Maryella Mackay has been
doing in the Mexican camp here it
has been decided by the trustees
of the Pullerton Union High
School district to make this part-
time education a factor in all the
camps of the seven districts and
Miss Mackay has been chosen to
superintend the work. Miss Mac-
kay will make her headquarters in
Pullerton and will take up the
work with the opening of the fall
term in September. A resident
teacher will be maintained at sev-
ery camp. Miss Ellenora Hagan of
Los Angeles, who for the last two
years has been in charge of the
Temple-street clinic, will take Miss
Mackay's place in the La Habra
camp. Miss Mackay leaves here
for the summer school at the
University of Southern California
this vacation.

The work in the Mexican camp
has attracted the attention of
educators and social workers be-
cause of its scope. It was begun
under the care of the La Habra
Citrus Association as a means of
solving labor problems and has
now been taken over by the school
district. A plan for the social hall
of the camp, given by subscrip-
tions from the citrus association,
the residents of the camp, ranch-
ers and the school board is one
of the latest additions for the
benefit of these workers.

IN FAVOR OF BIG CITY EXPENDITURE

(REUTERS DISPATCH.)
SAN DIEGO, May 11.—Recom-
mending that the city of San Diego
should immediately expend \$2,000,000
in expanding the municipal
water system, H. M. Savage, city
hydraulic engineer, has submitted
to the City Council an exhaustive
report covering his investigation
into the water question.

Development of a water system
in the San Diego River and pur-
chase of the Cuyamaca water
system, a private concern, is urged.
The rapid growth of the city
shakes it imperative to act now for
the future, Savage declares.

GARMENT WORKERS TO GET BUSY HERE

(BY A. P. WIRE.)
CLEVELAND, May 11.—Estab-
lishment of organization headquar-
ters in ten cities and decision to
begin an intensive campaign of
unionization was voted today by
the sixth biennial convention of the
International Ladies' Garment
Workers' Union.

The cities selected for the new
headquarters include Los Angeles,
which will have a district organ-
izer. An intensive campaign in San
Francisco and Los Angeles was
authorized.

WASHINGTON, May 11.—Continued improvement in general business conditions in Canada were noted in consular reports received yesterday by the Commerce Department. Improvement appears particularly in the manufacturing, wholesale and retail industries, the report declared.

TAKE ROBBER SUSPECT

Prisoner Captured After Duel with Officers

Police early yesterday morning arrested one burglar suspect and began a search for a second man following a spectacular revolver duel in the vicinity of Fourth and Spaulding streets.

Members of the night police flying squadron surrounded the Van Nuys Hotel after R. L. Merriam, a guest at the hotel, reported that he discovered two burglars in his room. They got away via the fire escape after taking his watch, purse, and silver cigarette case.

The officers opened fire on the two fleeing men. Later Patrolman John S. Snider arrested Harold Morton, 21 years of age, near Third and Main streets. He reported that he found Mr. Merriam's cigarette case in Morton's possession.

LIBRARIANS TO MEET IN JUNE

Association Gathers Soon in Detroit

Affiliated Organizations to Convene Also

All Phases of Library Work to be Discussed

(BY A. P. NORTON WIRE)
DETROIT, May 11.—More than fifty meetings will be held here between June 25 and July 1 at the forty-fourth annual conference of the American Library Association, by its various sections and by affiliated organizations and other groups which meet with the association. Librarians and library trustees from all parts of the United States and Canada will attend.

Almost every phase of library work will be discussed by representative librarians and library trustees. A special feature this year will be the meeting of the trustees' section on June 27, which will be devoted to a discussion of library financing.

PRESIDENT'S ADDRESS
President Marion LaRoy Burton of the University of Michigan will be the guest of honor at the opening meeting and reception on Monday evening, June 25, and will address the members of the association and visitors. The presidential address also will be made at that meeting. Prof. Joseph A. Root of Oberlin College, Mayor James C. Connelley of Detroit and John C. Lodge, president of the Detroit Common Council, will be present to welcome the delegates. Harold St. Emmon, attorney and president of the Detroit branch of the association, will deliver an address to the librarians and trustees on July 1 on the "Individual's Responsibility to the Profession." This will be followed by several short talks, closing with an address by John Strohman, librarian of the Detroit Public Library.

One day of the conference will be spent at Ann Arbor at the invitation of the University of Michigan. Opportunity will be given for meetings and for visiting the library and other departments of the university.

FLAPPERS ATTACKED, AND THEN DEFENDED

OTHERS CONGRESS AND P.T.A. DELEGATES DISCUSS YOUNG GIRLS

(BY A. P. NORTON WIRE)
TACOMA (Wash.) May 11.—The inevitable flapper with her rolled nose, cosmetics, short skirts and bobbed hair, as both defended and attacked by delegates to the twenty-sixth national convention of the Mother's Congress and Parent-Teacher association meeting here, Mrs. Thomas Dwyer of Idaho told the delegates at a round-table discussion on public school girls, what constituted a 100 per cent girl in Boise. This girl, she declared, does not dance, wear high heels, paint her cheeks, and is well chaperoned on all occasions. She added that every girl who attended the Boise High School not properly dressed is sent home.

"The girl of today is given too much discussion," countered Mrs. Howard Zimmerhackle, president of the Colorado P.T.A. who has found the modern girl good and fine. She needs helpful encouragement and understanding, she said. "There is one moral to be derived from the present-day young person, and that is—educate the parents."

MURDERER IS SANE. PHYSICIANS REPORT

MAN UNDER DEATH SENTENCE MUST HANG ON MAY 26 AT SAN QUENTIN

(BY A. P. NORTON WIRE)
SACRAMENTO, May 11.—A report which was said unofficially to hold that John Valacich, under sentence to be hanged at San Quentin State Penitentiary on May 26, was sane, was submitted to Gov. Stephens today by the examining physicians named to investigate the man's case. The investigation was directed by Dr. John A. Reilly, director of the State Department of Institutions, and Dr. A. H. McLaughlin, assistant physician of the Stockton State Hospital.

The investigation was made at the request of representatives of the Italian government. Valacich was convicted of the murder of John Fox, brother of Frank Fox, Amador county, whom he was alleged to have shot and killed on the street in the presence of Cox's young son.

PROPERTY OWNERS ARE RESPONSIBLE

San Diego, May 11.—The San Diego County Building Trades Council, a half dozen local unions, their members, and 140 John Does made defendants in a suit filed yesterday by the R. H. BOSTONIAN AWARDED WHITE HONOR MEDAL

ALBERT C. BURRAGE RECOGNIZED FOR "ENRICHING OUR GARDENS"

(BY NORTON DISPATCH)
BOSTON, May 11.—Albert C. Burrage of Boston today was awarded the George Robert White medal of honor by the trustees of the Massachusetts Horticultural Society in recognition of his conspicuous service to the garden science. Mr. Burrage is well known to flower fanciers and cultivators of Los Angeles and Southern California, among whom he spends a great part of his time. The White medal, established in 1895, is given to those men or women of this and other countries who have done the most for the advancement of horticulture. Mr. Burrage's particular service, according to William F. Rich, secretary of the Massachusetts society, consisted in "adding to the enrichment of our gardens." The names of others who have received the medal follow:

Prof. Charles R. Sargent of Jamaica Plain, Mass.; Jackson Thornton Dawson of Jamaica Plain, Mass.; Victor LeMoine of Nancy, France; Michael H. Walsh of Woods Hole, Mass.; the Park Commission of Rochester, in recognition of its tasteful work in landscape planting; Sir Harry James Wilson of London; William Robinson of London; Niels Ebbe Hansen of Copenhagen, D. D.; Dr. Walter Van Fleet of Washington; Wilmore Andrieux of Cite de Paris; George Forrest of England, and Mrs. Louise Teomans King of Alma, Mich.

LYKO Illuminates the Future With Its Rays of Hope

For All Who Would Enjoy Perfect Health

This remarkable tonic is the inspiration and joy of the weak and debilitated. It brings back the sunshine of existence to those of lost vitality. It opens up wonderful visions of the future to the down-cast, weary-laden souls depressed in spirit and body. It creates the strength and the courage to fight winning battles to those who have lost heart, given up and under the strain and weight of their daily burdens. It induces new vitality and life in the slumbering body of the languishing, causing it to burst forth in a radiant glow of perfect health.

"LYKO" is, indeed, of great restorative power; in fact, Nature's first aid in nearly all sub-normal conditions! A general tonic in the broadest sense, it provides the entire system because of its effect upon all of the principal organs of the body. It increases the appetite, promotes digestion, invigorates the circulation, strengthens the nervous system, proves the function of the liver, regulates the bowels, tends to relieve suppressed conditions of the system.

If you are thin-blooded, pale and weak, and nervously exhausted, generally debilitated, or feeling in constant dread of nervousness, and mentally depressed in consequence, it increases your vital force and builds up the system. Buy a bottle of "LYKO" today and see how much better you feel tomorrow. Your druggist gets the "LYKO." Get a bottle today.

CONCESSIONS ON CLOTHING AND TEXTILE MANUFACTURE ARE AWARDED

(BY A. P. MONT WIRE)

CHICAGO, May 11.—Operation of all soviet clothing and textile factories in Russia will be turned over to an American Warrent Society to be known as the American-Russian Trade Industrial Workers' Association, with a capitalization of not less than \$1,000,000, it was announced today at the biennial convention of the Amalgamated Clothing Workers of America.

When the announcement of the concession by the Russian government was made by President Alexander Hinton, the convention voted to authorize its officers to form the society, made an appropriation of \$10,000 to defray initial expenses and voted the purchase of \$50,000 worth of stock for the society. Ten-dollar shares will be sold to workers and others interested in restoring Russian economic life, it was said.

The enterprise is to be co-operative, with all earnings over 10 percent applying to the extension of the project. The necessary factory, equipment and raw materials will be furnished by the soviet government, and the capital and technical skill is to be supplied by the American company. Control of the management will be vested in a central board, and the soviet parties will be equally represented.

While in Russia last summer, Mr. Hinton discussed the project with Nikolai Lenin, and said today he was satisfied of its practicability and soundness.

BANKER'S ELDEST SON RECEIVES \$4,500,000

LATE HENRY DAVISON'S WILL LEAVES BULK OF ESTATE IN TRUST

(REUTERS SERVICE)

MINNEAPOLIS (L. I.) May 11.—In the will of the late Henry P. Davison, internationally known banker, filed for probate in the Surrogate's Court here today, a bequest of \$4,500,000 is made to his eldest son, Frederick Truhee Davison. In all about \$4,500,000 is disposed of by the provision of the will, but there is no mention of the total value of the estate, which has been estimated frequently at \$14,000,000.

Almost the entire estate is placed in trust for the present for the benefit of the widow and four children. The eldest son, however, is to come into possession of \$1,000,000 from the estate upon the death of his mother, whereas the remainder of the trust fund is to be divided equally among the other children. Henry P. Davison, Jr., Alice Davison Gates and Frances Fumery Davison.

F. Truhee Davison is also bequeathed his father's stock in the Pasquot Point corporation, and the wish is expressed that some of these shares be sold.

The widow, Mrs. Kate Truhee Davison, is left the banker's personal effects, jewelry, furniture, books of art, automobiles and yachts.

Davison's secretary, William S. Hahnel, was left \$25,000, and Mrs. Davison's secretary, Leona E. Ellphant, \$10,000. No provision was made for Mary Davison Lahr, a sister of the banker, his wife's sister, Alice Truhee Lahr, who, according to Davison's attorney, were otherwise provided for.

TIME EXTENSION IS GIVEN TO VETERANS

HAVE UNTIL AUGUST 15 TO PAY THEIR UNIVERSITY FEES

(BY A. P. MONT WIRE)

SACRAMENTO, May 11.—Ex-servicemen who are attending the University of California under the provisions of the State Veterans' Educational Act will be given until August 15 to pay certain fees that are required by the university rules, according to an agreement reached at a conference in Berkeley yesterday afternoon between Robert F. Smith, secretary of the California Veterans' Welfare Board, and David P. Barrows, president of the university. It was announced here today.

As the question concerning constitutionality of the Educational Act has prevented the welfare board from making the necessary financial allowances to the 321 veterans who are enrolled at the university, Smith said they would be forced to drop their studies if the additional time to pay the fees were not allowed them.

Under the agreement, the veterans will sign personal notes payable August 15. Some already had given notes, but they had become due and an extension of time was necessary. Smith is confident the Supreme Court will pass upon the Educational Act long before the new notes fall due.

YALE CLUB MEMBERS PLAN ANNUAL JINKS

Members of the Southern California Yale Club will spend their time at Corona del Mar tomorrow and Sunday, May 12 and 13, Van Nuys Building, who is in charge of this year's gathering of the club. Old Bill, promoter of the former eastern university men now residing in the Southland have an unusually good time awaiting them at the seaside town. A ball game, various other sports and wienie roasts on the beach are among the attractions offered, while the grade will as usual lift their voices in songs reminiscent of old days at New Haven. The trip will start at 1:30 p.m. tomorrow at Broadway, the journey being made in automobiles.

WARD REPORTS CAMPAIGN COST

Commerce Spends Big Sum

Used to Boost Harbor Bonds

Commissioner Makes Talk at Meeting

LOS ANGELES, May 11.—It was reported that the Long Beach Chamber of Commerce spent \$10,000 in the recent bond campaign, when the directors of the chamber were presented today with an accounting for money so expended.

The report was made as a result of a demand of a number of members. Precisely what was the reason for the demand was to induce the voters to purchase harbor bonds for \$10,000. It was this same money which was much money spent by the Chamber of Commerce last year was the worst of the ten items on the balance sheet for the year.

UNDER THE SUN YARD
The \$10,000 spent there still has to be paid at least half of it. The Chamber of Commerce reported that it had spent \$10,000 in the year ending of the previous year. The Chamber of Commerce, which was an active member of the organization, was the only one to have spent money on the bond of the harbor. The Chamber of Commerce, to the effect of the industrial branch of the chamber, to secure suitable money for the war, also.

INDUSTRIAL COMMITTEE
The Chamber took the industrial branch of the chamber to task for its failure to properly use the money. Mr. Heller was supported by Councilman Frank H. Heller. He attended the meeting for the purpose of stating similar to the Chamber's industrial branch.

DAILY TRADE TALK

National Banks Grow in Spite of Unfriendly Laws; Almonds, Diamonds and Autos

BY CHAPIN HALL

Comptroller of the Currency Crisinger said the other day in an interview that unless Congress acts, the national banking system will soon be gravely menaced.

The Comptroller's outlook, in perhaps unduly pessimistic, but it is undoubtedly a fact that remedial legislation is needed if national banks are to retain a fair competitive basis with State institutions.

The official pointed out that the twenty-year franchise limitation is operating against the national banks. In some eastern cities the disadvantages under which national banks are compelled to do business in compliance with the Federal Reserve Act have led to a surrender of franchises and a reorganization under State banking laws.

"It seems to me," the Comptroller is quoted as saying, "that if the Federal reserve system is to be perpetuated, and to become a permanent institution in this country, the national banking system must be preserved in order that proper capitalization for the Federal reserve banks can be maintained."

"We now have over 3200 national banks in the system whereas the State system only furnishes about 1450 member banks out of a total of something over 30,000 State institutions. So it seems to me that encouragement by giving fair treatment and equal opportunity to national banks with State banks is a policy that should meet with approval of Congress."

California laws are not particularly friendly to the national banking system, but the strength of our banks is so great that they grow and prosper in spite of franchise and other limitations under the larger institutions maintain State bank subsidiaries; an expensive but necessary method of handling both angles of the business.

National bank executives in Los Angeles are agreed that reformatory legislation should be adopted, but they are not willing to go as far as the Comptroller in his statement that "the national banking system will soon be gravely menaced."

Henry A. McKee, vice-president of the Merchants National Bank, regards the Crisinger prediction as an unfortunate overstatement, and points out in support thereof that the national banking system in California is growing year by year. The State banks, says Mr. McKee, may be growing faster, due to more friendly legislation, but the national banks have a long record of constant growth and increasing importance.

The objections most frequently offered by those qualified to speak to the Federal banking legislation, may be summarized as follows:

(1.) The limitations that it puts on the business of the banks. This is not absolute, however, as witness the Commercial National Bank's experiment with branches in this city which are operating without any opposition from the Comptroller of the Currency. It would be desirable, however, from the national bank's standpoint, if Congress should pass a bill that would definitely authorize the establishment of branch offices.

(2.) The twenty-year charter which prevents continuous operation from a technical standpoint. This affects the operations of local term trusts, but is not a serious barrier, as the renewal of such charters is ordinarily a simple proceeding.

(3.) There are some minor restrictions on loans. A national bank cannot advance money on certain kinds of real estate, but Los Angeles bankers do not press this point as most of them prefer to make commercial loans, which have a greater liquidity.

A. J. Waters, president of the Citizens National Bank, does not anticipate any such drastic action as the Comptroller suggests while agreeing that a much wider scope is allowed the State banks and that there should be remedial legislation. Everything must be done, says Mr. Waters, to preserve the national banking system for it forms the bulwark of the Federal reserve, and it was the Federal

reserve which saved the country from panic during the crisis which have confronted it since the act became operative. The national banks must stick by the Reserve, the stability of which is interdependent on the stability of the national banking system.

President Bonny of the Commercial National finds relief in the extension of branch banking privileges to national banks. The Commercial is at present engaged in an experiment along that line which is being watched with interest in banking circles throughout the country, that is, the operation of branch banks without the camouflage of a separate State charter. President Bonny recently visited Washington and presented the case to the Comptroller. While there, he reviewed the situation as the national banker sees it, and as a result of that interview, his bank is establishing city branches without objection from Washington.

J. M. Elliott, chairman of the board of directors of the First National, is of the opinion that the conditions referred to by the Comptroller do not obtain in Los Angeles and that the only national banks likely to revert to the status of State banks are small country institutions which have been absorbed by large city banks operating under State laws. He called attention to the fact that many of the large national banks in Southern California have affiliations with State banks, which arrangement has the effect of giving them the advantages to be derived from the State banking laws.

CHIEF IN ALMONDS
The California Almond Growers' Exchange, announced yesterday that they have received a total of 1499 signed five-year crop delivery agreements from almond growers in the State. Officers of the exchange point out that this number is far below the total which

must be in hand by next Wednesday, if the exchange is to escape liquidation.

As the reorganization campaign with the exchange nears its end, important business and financial elements of the State, together with leading growers have become alarmed as to the outcome of reorganization effort. Exchange officers have pointed out that the market of the 1932 crop is fast slipping from the California growers, and that there is a likelihood that there will be hundreds of tons of almonds dumped on the market chaotically if the exchange is forced to liquidate. The exchange has moved virtually the entire almond crop of the State for the past five years.

DIAMONDS FIRM
Los Angeles diamond dealers agree that the finding of new fields in British Guiana will have no effect upon the price of diamonds. "Diamonds from this source are nothing new to the industry," one prominent dealer said yesterday. "They have come to America and to Europe for the last thirty years. These diamonds are related geologically to the Brazilian diamonds, being found in alluvial or wind-blown deposits. Up to the present the diamond trade from which these diamonds come have not been found, and the new reports that come from British Guiana are only significant if they also represent the finding of the actual diamond fields."

"As far as the influence of these finds upon the diamond market is concerned, the diamond price is considered, they will have no effect. The whole production of the estimated future supply of diamonds, because of the high cost of production, has been so controlled in the hands of a world syndicate."

CAPACITY AUTO OUTPUT
The automotive trade is now working at practically full 1931 capacity. Demand has been temporarily overstimulated output, and orders are once more coming in. Learning that motor-car and tire manufacturers are adding to their production facilities for the first time since the early 1920 boom period. Against the indicated overproduction of the industry, it is difficult to anticipate extensive upward price variations in either of these lines all "press agent" publicity to the contrary.

BUSINESS NEWS

Staple Food Price Level Fixed; New Bank for Hollywood; Oil Report; Bond Market

Sam Seelig, head of a chain of grocery stores, has returned to Los Angeles following an extended tour of observation throughout the Eastern States. He attended the annual convention in New York of the National Chain Store Grocers' Association and visited the leading grocers and wholesalers in most of the large cities. Based on this wide contact with the food jobbing interests of the country, the opinion on the trend of business and prices that Seelig has brought back with him are of considerable interest, and authoritative value. They are, in brief, as follows:

Future trends should be spotted with advances in some few lines and declines in others.

Trade is no longer suffering from over-production. In fact, under-production is the rule in certain lines.

High rents, out of proportion to the readjusted levels, are seriously impeding the general business revival.

The nation is slowly getting back to work but the recovery from now on will be gradual.

Mr. Seelig found that the large cities are showing fair signs of real prosperity while the smaller communities, dependent on only a few industries, and the rural districts, are still hard hit by the depression.

None of the chain store grocers at the convention had any serious complaints of the business situation, said Mr. Seelig. This could be attributed to the fact, he said, that the buying power of the American people was essentially unimpaired as far as staple food articles went and also because the grocers followed the intelligent policy of keeping pace with the market on its long decline, at once as prices were cut by the wholesalers, the chain grocers followed suit. This naturally

accentuated a small loss on the existing stocks but it enabled them to keep up a constant turnover which has been their salvation.

NEW HOLLYWOOD BANK
A new independent State bank, organized to serve the Hollywood community, has been chartered by Jonathan H. Dodge, Superintendent of Banks. The new institution will be known as the Central Commercial & Savings Bank, and will be located at the corner of Santa Monica Boulevard and Vine street.

The work of organization and placing the stock has been carried out quickly for several months by Gilbert H. Rosemeyer and C. A. Yeager, the principal backers of the new bank. It was their purpose to establish the institution as a branch within the Hollywood district and as a consequence the personnel of the officers, directors and stockholders, is made up almost exclusively of Hollywood people.

Mr. Rosemeyer has been made president and Mr. Yeager, vice-president and chairman of the board. Willis M. Maguire will act as cashier. Besides these three men, the first board of directors will be composed of Leo Youngworth, Jacob Muller, Ernest R. Smith, G. R. Dexter and C. L. Bishop.

BOND HOUSE EXPANDS
Opening of a Hollywood branch office in the Hollywood Security Building, has been announced by Bank, Huntley & Co. Warren G. Harris has been placed in charge. The local investment firm is now carrying a general expansion throughout Southern California. A San Diego office has been opened with Warren G. Harris as manager. Another office for Bank, Huntley & Co. in the beach city. Another announcement to come out of the Banks, Huntley & Co. office yesterday was that of the promotion of W. H. Durnell, one

of the firm's veteran salesmen, to the position of sales manager.

OIL SHAREN RISE
The fundamental reason for the sensational rise in the oil company shares in the New York and local markets during the last few months is found by L. F. Parsons of Aronson & Co., in the fact that there has been an increased demand, both at home and abroad for refined oil, while at the same time, production has decreased.

In a statement issued from his office yesterday, Mr. Parsons predicted some further gains in the oil shares.

Unifying and Refunding Mortgage 20-Year 6% Gold Bonds "Series B"

Dated March 1, 1922. Due March 1, 1942. Interest payable March 1 and September 1 at the office of the Trustee without deduction for Federal Normal Income Tax not exceeding 2%. Coupon bonds in denominations of \$1000 and \$500, with privilege of registration as to principal.

Redeemable in whole or in part on any interest date on 60 days' notice at 110.

MERCANTILE TRUST COMPANY, SAN FRANCISCO, TRUSTEE
TAX EXEMPT IN CALIFORNIA

Application will be made for the certification of these bonds as a legal investment for Savings Banks in the State of California.

The following points upon which we base our recommendation of these bonds have been briefly summarized from the President's letter within:

The bonds will be a direct lien upon all the property of the company now owned or hereafter acquired.

These bonds are issued to provide capital for additions and extensions to plant and for retiring \$1,250,000 6% Collateral Trust Notes, which will be called for redemption on August 1, 1922.

The present value of the company's properties is in excess of its total outstanding bonds, stocks and all other financial obligations.

The company owns in excess of 45,400 acres of real estate, conservatively valued at \$7,250,000.

The commodity handled by the company is a necessity of life, for which no substitute will ever be found.

The larger part of the company's property is of such a character that it is subject to very slow depreciation.

The company has no competition in the territory it serves and no competition is possible. There is so little change from time to time in the method of handling water that the company's investment is negligibly affected by the element of obsolescence.

Further issuance of bonds under the Unifying and Refunding Mortgage, except for refunding existing liens, is limited to a per amount not exceeding 75% of the cost of plant extensions when not coming for twelve consecutive months out of the preceding fourteen months shall have been not less than one and one-half times the total interest on all bonds of the corporation outstanding and those for which certification may have been requested.

No more of the First Mortgage 5 1/2% bonds may be sold to the public and when and as available they must be deposited under the Unifying and Refunding Mortgage. At the conclusion of this financing there will be \$4,932,100 First Mortgage 5 1/2% Bonds deposited under the Unifying and Refunding Mortgage, which is 32.8% of the authorized total of these bonds.

Legality subject to the approval of Messrs. Goodfellow, Ellis, Moore & Orrick, Attorneys at Law, San Francisco.

NEW YORK STOCK EXCHANGE

(BY A. P. NIGHT WIRE.)

NEW YORK, May 11.—Professional selling for both accounts characterized the greater part of today's enlarged operations in the stock market, making the fourth consecutive session in which reactionary tendencies prevailed. The entire list experienced a sharp change in the final hour, however, when rumors of a merger of the Bethlehem and Lackawanna steel companies, which later was confirmed, resulted in heavy buying of those and affiliated shares.

Lackawanna led the group at a net gain of 7 points. Bethlehem, which was also a heavy buyer, advanced 1 1/2 and Republic Iron & Steel 1 1/2. In other re-called independent steel, but United States Steel figured only moderately at a fractional gain.

During the intermediate periods of the trading, shorts seemed to gather fresh courage from the absence of public interest and the evident failure of the list to respond to favorable development, including increased steel tonnage and still higher oil prices.

Contrary to recent movements the market broadened as values receded. Among the day's offerings were numerous specialties whose sharp reactions suggested involuntary liquidation of margin or speculative holdings.

There was also considerable selling of seasoned or representative railroad shares, notably the transcontinental and several of the coasters while junior transportation issued under offerings of Texas and Pacific and several of the cotton carriers. These losses were largely reduced at the close, oil also rallying with tobacco and utilities, the latter including Pacific Gas at a gain of 1 1/2 points. Sales amounted to 1,131,000 shares.

The money market was easy, reversing recent tendencies. Call loans dropped to 3 1/2 per cent at mid-day and time funds were more freely supplied, but all the longer maturities held firm at 4 1/2 per cent.

STATEMENT OF VALUE

Cost of building upon completion \$500,000
Land value 100,000
Total value \$600,000
Bonds outstanding 300,000
Equity \$300,000

In addition to the above equity, there is security of chattel mortgage on furnishings of the hotel costing approximately \$100,000.

SECURITY: These bonds are, in the opinion of counsel, secured by a first closed mortgage on both land and buildings at the northwest corner of 7th and Lucas Streets, Los Angeles. The land fronts Ninety-five feet on 7th Street and One Hundred Thirty feet on Lucas Street.

BUILDINGS: Upon the corner Fifty-four feet off 7th Street, by One Hundred Thirty feet on Lucas Street, is being constructed an eleven-story, reinforced concrete Class "A" building, which will contain hotel lobby and stores on the ground floor and Two Hundred Thirty rooms, each with private tiled bath, on the upper ten floors. On the westerly Forty-one feet on 7th Street by One Hundred Thirty feet deep, a one-story building, containing two stores, is being constructed. This building will never be of greater height than the cemetery, thus assuring perpetual light to the hotel rooms. All of the land is in and both buildings are under this first mortgage bond issue.

GUARANTY: The prompt completion of the building is guaranteed by ample security.

LEASE: The building has been leased for 15 years at an annual rental of \$50,000. This lease and chattel mortgage on furnishings have been assigned to the trustee for the benefit of the bondholders.

INSURANCE: The building is covered by fire insurance policies in the sum of Three Hundred Thousand (\$300,000) Dollars, payable to the Trustee for the benefit of the bondholders.

TITLE INSURANCE: A mortgagee's policy of title insurance in the sum of Three Hundred Thousand (\$300,000) Dollars has been issued by the Title Guaranty & Trust Company, Los Angeles, insuring this issue to be a first lien on the property, owned in fee.

These bonds are offered subject to prior sale and change in price without notice. Orders will be filled in relation and may be wired or telephoned at our expense.

Textile Facts

Some Plain Truths About New L. A. Cotton Mill

For the Man that Believes in Los Angeles and who will back his faith with his money.

The Imperial Cotton Mill, now being established in Los Angeles, is the first textile enterprise now under way or in contemplation in the city.

The mill will prepare the way for other textile mills, and the city will be a leading cotton manufacturing city of the world.

Millions of dollars in new wealth will be brought to Los Angeles by the establishment of the textile industry here. This is a tremendous stimulus to general business and add immeasurably to the city's prosperity.

MARKET EYES GENOA
Irregularity Marks Day; Gold Holdings Reach New Peak; Export Tells Timely Tale

BY ALEXANDER DANFORTH
EXCLUSIVE DISPATCH

NEW YORK, May 11.—A general but very ill distributed recovery in foreign exchange today brought continental rates up a small fraction, nearly reaching the 16.45 rate again for sterling. This movement was, however, apparently of a tentative character, reflecting the speculative attitude.

On the stock exchange the uncertainty of the week continued, with extremely irregular fluctuations at the end. The only recovery was in the advance of the market, with prices running as high as 4 and 7 points in some of the independent stock shares. The decline was naturally based on statements that the anticipated recovery of the market was about to be effected, but it was hardly a momentary movement.

Perhaps the most interesting fact about today's weekly federal reserve statement is the statement that for the first time in its history, the system's actual gold holdings had crossed the \$1,000,000,000 mark. Such an incident is one of the landmarks of the extraordinary currency situation in the United States and in the world at large. The federal reserve's gold holdings are almost exactly double what they were in armistice time of November, 1918, and taking the United States mint's estimate of about \$1,000,000,000 for gold monetary stock of the whole world, the federal reserve now has in its vaults little more than 10 per cent of that total. At the end of 1931, on the same basis of reckoning, the federal reserve's gold holdings made up only 20 per cent of the aggregate.

So far as regards the statement in general, the further striking changes for the week was a decrease of \$24,100,000 in the reserve's gold holdings, and a decrease of \$14,200,000 in note circulation, a movement which

CARGO IS READY FOR NEAR EAST

Freighter Ohioan to Carry Fourth Consignment to Famine Sufferers

The United American Line freighter Ohioan, loading at Wilmington inner harbor Monday, will carry to the Near East child famine and war sufferers, the fourth large consignment of relief supplies to be forwarded by Californians this year. The steamers Kentuckian, Iowan and Pennsylvanian carried shipments in March and April. Monday's relief shipment brings the total value of the States Near East Relief contributions this year up to \$450,000.

consignments on the Ohioan include 350 tons of clothing, medical and food supplies, valued at \$75,000. Recent donations of clothing and shoes from Pasadena, San Diego, Glendale, Whittier, Santa Ana and other cities, together

with beans from Ventura county and a quantity of canned food from the Southern California Cannery Co., Los Angeles. The beans are being made ready today at pier A, shed No. 2. Wilmington liner harbor for loading Monday on the ship *Albatross*.

The Nebraska, scheduled for June sailing, is expected to carry one of the largest Pacific Coast contributions of the year. The ship will take with it a quantity of clothing which will have been collected in Los Angeles, Long Beach, Santa Barbara, Riverside, San Bernardino, Pomona, Bakersfield, San Francisco, San Jose, Anaheim, and 100 other communities on Southern California "Bundling ship" set for Thursday, the 15th.

The shipment of relief supplies on the Oticon is in response to the appeal of Mrs. Milbank Johnson.

Don't Envy Beauty! Cultivate It—

Says Mme. Anna Bergerson

Women whom men admire and other women envy always have a good complexion. Striking beauty will lure his charm if the skin becomes dry and flaking, or harbors blackheads, wrinkles or pimples. Cracked lips, rough hands, blackheads and pimples are sure to always cause a loss of the skin, or by the use of something that is not agreeing with the skin. For the hands of the skin in the west are very different from the east.

The Key to Beauty! toilet preparations are recommended to prevent the bad effects of western out door life, and hard water, and positively will get you hair.

Mme. Bergerson's beauty skin, tooth and hair pills, use 7 to 10 pills daily, always very handy that make the beauty of a good complexion is removed including blemishes, hair, moles and birth marks by activity and use of the pills will orders receive prompt and courteous attention. Phone 11937.

Enlarged, is Plan

The numerous demands on the county treasury, particularly the County Hospital, the County Farm and the County Jail, have led the Board of Supervisors to propose a bond issue of \$1,000,000 to provide for the enlargement of these institutions.

The bond issue of \$1,000,000, which will be voted at the August primaries, is the largest bond issue ever voted by the county. It will be used for the enlargement of the County Hospital, the County Farm and the County Jail.

INTERESTING

It is queer, isn't it, how much trouble a daisie takes to make a daisie? And did you know that some daisies are quite dry, and others are so heavy with sugar-honey that they are preserved in their own syrup and have to be put up in jars? One of these latter daisies, famous for its flavor, is called the Kadrawi, and is priced at \$1.25 the jar. California grows—of course, Bullock's Art Needlework and Gift Store, Bullock's Hill Street Building.

FELSCH REVIVES SCANDAL OF 1919

(BY A. P. MONT WIRE.)
MILWAUKEE (Wis.) May 11.—Fisch was re-
kindled in the baseball scan-
dal of 1919 when Oscar
(Fisch) Felsch, of Milwaukee,
one of eight White Sox
players banished as a re-
sult of the findings today
fled an affidavit in Milwan-
kee street court, a step in
his damage suit against the
Chicago White Sox to re-
cover salary for part of the
year 1919 and for recovery
of special bonus payments
for the same year. Felsch
also will ask that he be re-
compensed for damages sus-
tained in an alleged con-
spiracy to maliciously injure
his reputation and to pre-
vent him from remaining a
professional baseball player
in the major leagues.

Attorney Raymond J. Can-
non, who started the action
for Felsch in the courts
here, announced that he
would soon begin similar ac-
tions for Buck Weaver,
Eddie Cicotte and "Doc" S-
Riesberg, of the banished
Sox players.

terday afternoon, the South
captivated to the North. Gen. Shay
surrendering his trusty weapon, to
Gen. Irwin. Southern hopes faded
away in the terrific second on-
slaught, when General Shaffer and
Taylor failed to swing their sabers
dueling fanlike movement. From
this time to the carrying of the
South's redoubt not long after-
ward, the debate was a foregone
conclusion.

The North shot De Haven, Mil-
ler, Mayer, Ferman and Irwin at
Shay's warriors, conducting
Meek, Shaffer, Taylor and Hopping.
On paper it looked as if the locals
had fallen into a bad of side-
down, but the fracas had not been long
of its way when Gen. Shay knew
he had a giant's task before him.
Mayer and Miller of San Francisco
showed in great shape. They
threw a pep and jax into their
work that had the rest of their
sammies rolling for dear life
with the result that at the end of
the first game they led the locals
by 41 pins.

MORE SUNKINE
Every time the South got a
split, several maniac rooters for
the visitors bleated: "Some more
sunshine for the North." Hopping
got off on the wrong foot, grabbing
a split in the sixth frame and a
cherry in the seventh. Had it not
been for the levathan game put up
by Dad Meek in the first attack,
Shay and his rook-fellows would
have fumbled at the very outset
with all on board.

Dad amassed 236 pins in the
first game, and looked to have
at least a 700 score up in his left
sleeve. But in the re-vol-
ution, however, he temporarily lost
the feel of the alley, cutting down
only 131 pins. Shay rallied his
lads in the beginning of the sec-
ond game, but through some prank
of fate everything they did went
wrong. Shaffer pulled a cherry in
his first frame and Dad Meek a

NINE TO START IN DERBY

(EXCLUSIVE DISPATCH.)
LOUISVILLE (Ky.) May 11.—
Eight colts and one filly—start-
ing in the forty-eighth renewal of
the Kentucky derby at Churchill
Downs Saturday. A field which
would seem to lack the class of
last year's contenders were it not
for the presence of Morvich,
owned by Ben Block, a former
Chicagoan, which has a record of
eleven victories starts as two-
year-old.
Morvich is the almost unani-
mous choice of the experts, who
are not affiliated with other
stable having entries in the
derby. This unbeaten son of
Runnymede-Jymir, is one of
four horses of the American turf
to win over 110,000 stake money
in their first year of racing. The
others were Dan Patch, Colin
and Morvich. Morvich was
born to the post as a 3-year-old
moment later made an error by
missing the 7 pin.

BLOWS TEN
Then Taylor butted into a 7-10
in the second frame and blew the
10-pin in the 8th. It was along
here that the South's henchmen
virtually gave up the contest, and
shot their lungs in low gear. Dur-
ing this terrible storm of errors,
Felsch, Meek and what-not, con-
fessed by Gen. Shay's army, the
North spun along at a dizzy clip
while their opponents in the gallery
almost shouted themselves hoarse.

May 11.—Miller and Ferman dived
into a 300-game, Mayer leading
with 284. Mayer and Miller just
showed down the old Indian duds
and it looked as if they bore a
charmed life. Gen. Irwin's victor-
ious army toppled over 144 men in
the second game, while the enemy
earned only 212.

LOWE CALLED
Entering the final attack, the
South was 135 pins behind and
the cause, barring a miracle, was
lost. For a short spell, Meek and
Hopping staged a slight rally,
but even their victorious
southerners kept up their high-
class work. Mayer, Meek and
Hopping, who had led the South
in the first game, were now
in the second game, while the enemy
earned only 212.

IN THE grand prize game of
Wednesday night the Texas Tom-
mies of San Francisco came
down to the local team, and the
greatest three games ever
rolled in a tournament, piling up
a total of 10,000 pins. The
party finished a second with 2812,
and the Oyster Loaf of San Jose
third with 2627. The score:

| Team | Game 1 | Game 2 | Game 3 | Total |
|---------------|--------|--------|--------|-------|
| San Jose | 2900 | 2841 | 2627 | 8368 |
| Pasadena | 2841 | 2627 | 2500 | 7968 |
| San Francisco | 2627 | 2500 | 2400 | 7527 |

ON YOU, B.F.O.E.
As soon as the South moved from
the alley with steps melancholy
and slow, the field was cleared
for the big B.F.O.E. sweepstakes
in which many teams participated.
Those that remained in their seats
to see this titanic struggle, were
well repaid for their stay, as sel-
dom have better games been rolled
on any old alley. The Pasadena
Elks, with Capt. Shay at the helm,
started out with 915, and came
back with 1037, and they shaped
up like the gods.

| Team | Game 1 | Game 2 | Game 3 | Total |
|---------------|--------|--------|--------|-------|
| Pasadena Elks | 1037 | 915 | 800 | 2752 |
| San Jose | 915 | 800 | 700 | 2415 |
| Pasadena | 800 | 700 | 600 | 2100 |

on the semblance of a rugby
match. But when he had dodged
two swashes on the line, two
more would take their place,
and these plays of fresh men won
the race for Seattle. Parry was
tapped and out. Nothing doing,
and Dal Locker went in to play
first base. Back tried Vern
Blenkron as a pinch-hitter in the
ninth. When Vern let two strikes
cross without unshoudering his
bat it was feared that he might
succumb to the wiles of Gregg,
but he finally whammed one on

in the arena seats. A feature of
the gathering was the large num-

It is not given to many cars to stand
on both the improvements of the new
and the long life of the old. Nearly
every Pierce-Arrow ever built is still
running, and whatever the year or

NEW NAMES ARE LINKED IN RAID

Starting Testimony Told Before Grand Jury

True Facts Are Given to Inquirers, is Report

One Witness Tells Facts "of Enterprise"

A new version of the Ingelwood raid was given the grand jury by one of the witnesses under oath, according to reliable reports at the Hall of Records, yesterday.

That this man's testimony amounted to a complete confession, and that the story of the "enterprise," as the participants in the affair have been calling it, has disclosed a number of facts so far unmentioned, was not denied yesterday by William C. Doran, chief deputy city attorney, at the conclusion of the grand jury session. Mr. Doran refused to give the man's name, or any of the details concerning the testimony.

From other sources, it was learned that the witness had before the inquisitorial body heretofore unpublished facts about the raid on the home of Fidel Edwards, and that he has named persons who have made attempts to keep from appearing before the grand jury. Subpoenas for these witnesses, will be issued Monday, and they will be brought to the Hall of Records and placed under oath to be questioned about their part in the affair.

Only three witnesses were heard by the grand jury yesterday. One of them was Atty. Ray E. Nimmo, who at one time represented certain citizens of Ingelwood whose names have been connected with the raid. Mr. Nimmo said he did not take the oath of secrecy. His appearance before the jury was brief. He said he felt that his relation with the case was confidential and that he was not in position to disclose the identity of anything concerning them.

The other two witnesses were W. R. Record, engineer for the Standard Oil Company at El Segundo, and J. R. Hamilton.

The information that a witness has "cracked" and had given valuable testimony was the most significant development in the Ku Klux Klan investigation here yesterday.

It came against Walter E. Mosher and Leonard Rugg, the two men who were wounded in the gun battle with Marshal Frank Wornor of Ingelwood, were continued until April 23.

MEN ARE DISMISSED
In Bakerfield and Sacramento the investigation was featured by new disbursements from office of public officials, and the indication that further civic and political fireworks are scheduled for the near future.

Deputy Sheriff Thomas R. Laird, formerly a Los Angeles man, Joseph E. Tancay and R. E. Davis of Kern county, were the three officials who were ousted from office in Bakerfield. The three are said to be members of the Ku Klux Klan or Bakerfield Klan, and were dismissed from office for that reason.

Sheriff D. Boone, Newell announced that the resignation came after a conference at which the three men told him they were members of the Klan. He insisted to them that it would be "contrary to good policy" to allow them to remain in office. Laird, after the conference, said the three men were discharged after their resignations were requested several days ago. At that time the men refused to resign, Laird said. According to Laird, the three men did not deem their affiliations with the Ku Klux Klan sufficient cause for their removal from office.

City Harbormaster Albert Griffith of Sacramento was removed from office yesterday by City Engineer Albert G. Gish. Gish, in evidence tending to show his connection with the Ku Klux Klan. It was learned in Sacramento. The City Engineer announced that Griffith was suspended pending an audit of his books and that when the audit is completed, dismissal will follow.

Editor J. Stephens, an elevator operator on the municipal wharf at Sacramento, also was removed. The names of Griffith and Stephens were among those on the list taken from the office of Grand Gebbia William R. Coburn here during a raid directed by District Attorney W. D. Stephens and Chief Deputy Doran. The names of the Sacramento members were made public by the city.

COUNCILMAN IN LIST
The name of Miles I. Nelson, City Councilman of Bakerfield, was found in that list.

A formal statement was issued yesterday by Sheriff Treasurer. Asserting emphatically that the purpose of the Ku Klux Klan were misrepresented to him, the Sheriff said:

"I enlisted under the American flag in 1918 and again in 1919. I attended two universities and studied law and history for twenty years. I feel that I have a clear conception of American ideals, and know the principles upon which our government is founded. Without investigation, made upon certain representations, made to me, I joined the Ku Klux Klan, the latter part of April, 1921. I remained a portion of one meeting the night of my joining, and found the organization to be not what I anticipated. I felt that in conscience I could not belong to it and resigned immediately."

CONFERENCE IS HELD
Activities of persons known to him as members of the Ku Klux Klan in his territory have caused Dist. Atty. R. E. L. Shepherd, of Phoenix, Ariz., to make a trip to the District Attorney's office here yesterday, and ask to be allowed to inspect the entire documents from Grand Gebbia W. R. Coburn's office.

That a large percentage of the State officials in Arizona are said to have joined the Klan was one of the statements made by Mr. Shepherd.

EDISON DEAL THROUGH SOON

Transfer of Distributing Lines Next Week

Technicalities Smoothed Out With City Officials

Corporation Manager Sure Litigation Ended

Vice-President and General Manager Ballard of the Southern California Edison Company declared at the City Hall yesterday that he was confident that the transfer of the Los Angeles distributing lines of the company to the city for approximately \$11,000,000 would be consummated early next week. The transfer has been hanging fire for two months, while legal and other technical details were being worked out.

Mr. Ballard declared that he believed all of these details would be completed within a few days and said that the Edison officials were meeting the city's representatives in speeding up the consummation of the deal. Mr. Ballard visited the City Hall yesterday, where he conferred with members of the Board of Public Utilities and Assistant City Attorney Whitehead relative to the best method to proceed to protect the company's right, which will still exist after the transfer of the distributing lines, on all power to the street railway companies of Los Angeles and to build a total of more than 10,000 miles of cable and wire; twenty industrial substations, fourteen district substations, 1999 distributing transformers and meters and services for more than 115,000 consumers.

The company's right to sell power to the Los Angeles street railways, and the Council will be asked to adopt a resolution establishing the company's right to receive franchises for through transmission lines to be built in the future. This was one of the details which was delaying the final transfer of the lines to the city and the turning over of the cash which the city has in hand as the result of the sale of the power bonds.

When the Edison lines transfer is consummated the city will receive from the company title to 1151 miles of electric lines, which carry a total of more than 10,000 miles of cable and wire; twenty industrial substations, fourteen district substations, 1999 distributing transformers and meters and services for more than 115,000 consumers.

The company's right to sell power to the Los Angeles street railways, and the Council will be asked to adopt a resolution establishing the company's right to receive franchises for through transmission lines to be built in the future. This was one of the details which was delaying the final transfer of the lines to the city and the turning over of the cash which the city has in hand as the result of the sale of the power bonds.

LANDLORDS PROMISED HARD TIMES

Federal Officers to Close Places Where Tenants Sell Liquor

Local violators of the Volstead Act will receive rough treatment hereafter as the result of an agreement reached between U. S. Dist. Atty. Burke and State Prohibition Director Rutter.

Following a conference between these two Federal officials, it was declared that the full force of the anti-liquor law will be worked against offenders. This provides that a place—whether restaurant, saloon or hotel—where the sale of liquor is prohibited, will be ordered closed for one year if the tenant is found guilty of selling liquor there.

Confident with the report of the Federal conference comes the rumor that Richard R. Love of Long Beach will be appointed prohibition agent, to succeed D. J. O'Leary. Love, who was at one time connected with the Internal Revenue Department, is said to be a close political friend of Congressman Lindbergh. Director Rutter admitted that he is being considered for the position.

Dog Convention at Ambassador Opens Tuesday

Cats beware! On Tuesday and Wednesday, the 18th and 19th insts., the leading dogs of Los Angeles will hold their annual convention at the Ambassador in the horse show arena, with an attendance of over 100 of the leading dog delegates from all parts of the United States.

Among some of the famous dogs to appear at this second annual show of the Los Angeles Kennel Club are: The famous wire fox terrier of Irving C. Ackerman, San Francisco; the German police dog Mrs. Alvin Untermyer of Riverside; Charles H. Christie's famous champion bull terrier, which will be seen for the last time on the Pacific Coast; the famous copper spaniel of Mr. and Mrs. W. Walsh Cockin; Santa Monica; the show dog of the Norman Faber kennels, the old English sheep dog and Scotch collie of Mr. and Mrs. John Matthews of Monrovia; and many breeds belonging to Mr. and Mrs. Sibby Spaulding of Beverly Hills.

This show will open on Tuesday morning and continue all day Tuesday, Tuesday night, all day Wednesday and Wednesday night. Many handsome prizes have been offered for the blue-ribbon winners.

WILL DISPLAY FLOWERS
The Park Commission yesterday announced that an unusually large and deep display of gladiolus, a subtropical flower, would open Saturday at the Lincoln Park conservatory.

OBJECT LESSON
SHOWN TO GIRL
 Lot of Women Prisoners
 Stops Suicide Attempt

 She Had Quarreled With
 Youthful Sweetheart

 Then Planned Death Act but
 Jail Matron Appeared

 A new cure for suicidal intent
was successfully devised yester-
day by Policewoman Barton in the
case of Miss Alvretta Darling, 34
years of age, of Redlands, who had
decided to drown herself after a
quarrel with her lover.

 The girl was given an object
lesson to show her how trivial her
own troubles were by comparison
with other persons who were in
great distress and difficulty.

 Miss Darling wrote a note to
her mother yesterday morning in
which she said that she had been
desire to live and intended to go
to some beach town, don a bathing
suit and end her life in the ocean.
The mother notified Chief of Police
Larson of Redlands, who, in turn,
telephoned the Los Angeles police.

 Detectives Knapp and Traylor
boarded the Redlands Pacific Elec-
tric train when it arrived in Los
Angeles and took Miss Darling to
Central Station. She had a valise
in which was contained the
bathing suit.

 Policewoman Barton took the
girl in tow and showed her the
women prisoners in the city and
country jails, reciting to her the
troubles of many of them. She
also allowed her to listen to the
case of girl prisoners in Police
Court, and showed her how happy
her own lot was compared to theirs.

 When the object lesson was over
Miss Darling entirely dis-
missed from her determination to
commit suicide, and was per-
mitted to return to her home.

 "I'm very much ashamed of my-
self," she said, "I should have had
more pride in my quarters with my
sweetheart Saturday night and he
left me."

 "We were riding from Ontario
to Redlands and we quarreled all
the way. It was nothing in particu-
lar, except my jealousy, I suppose.
He told me he would let me
know in two days what his de-
cision would be in regard to mar-
riage. I did not hear from him
again."

 "I became very depressed, be-
cause I love him with all my heart
and so I decided that life without
him was not worth living, and
just calmly made up my mind to
die. But now I have learned a les-
son. I shall never forget it."

 Miss Darling is an extremely at-
tractive young lady, and a stenog-
rapher by occupation. She re-
sides with her parents in Redlands.
BLAMES PUBLIC
FOR LOW FILMS

(Continued from First Page.)

 Using Club. Mr. Butterworth re-
viewed the history of advertising.
He stated that ten years ago ad-
vertising was unreliable. "At the
present time," he said, "99 per
cent of the advertising is pure
just as clean advertising has in-
creased each register value, so will
clean pictures increase the box of-
fice values. Just as we say about
advertising in ten years ago, the
picture people will ask ten years
hence, 'How did we get away with it?'"

SPEECH IS SENSATION

 Mr. Magnin's speech was the
sensational of the luncheon. He de-
clared that poor pictures were not
a result of a malicious conspiracy
on the part of the producers. He
said that the public want to see
the present pictures and that the
producers had to make them to
attract the crowd.

 "Now let us face the issue,"
said Dr. Magnin. "We deal with a
public that is not 50 per cent
educated in the fullest sense of
the word, that cannot pass an in-
telligence test, that is over 50 per
cent of them above 15 years of age.
Now, these are facts, not theories.
Not fancies of my own brain or
anybody else's. We are dealing
with a public that is out for the
cheap stuff, and as long as the
public pays for trash the public
will get trash. There is the key
to the whole thing."

 The biggest problem in pictures
is to get the scripts from which
to act. The picture industry, the
Palmer Photo Play Corporation,
Mr. Palmer represented the picture
industry at the luncheon, and
declared that thousands of
scenarios are produced every
day by authors and amateur writ-
ers, but that they are not accept-
able. Securing good plays, he said,
proved one of the most difficult
tasks in the profession.

 About 100 representative men
and women attended the luncheon.
A more general meeting is to be
held shortly, in which the aims
of the organization will be empha-
sized.

FOR VALLEY TOUR

 Chamber of Commerce Wants
 More to Go to Imperial

 Business men who are planning
to make the Imperial Valley so-
ciability tour next week should
notify the Chamber of Commerce.
The tour is open to business men
not members of the Chamber, and
a large turnout is desired to show
the great agricultural district that
Los Angeles considers it a friendly
neighbor. The train will leave
Tuesday at 11:30 p. m., arriving
Wednesday at 8:00 a. m., at
Niland; at Calipatria at 7:15
a. m.; Imperial at 8:15. Leaving at
El Centro at 3:00, Holtville at
3:45 p. m., and at Calexico at 7:17
a. m. There is a banquet served
in Old Mexico. Thursday
morning the party will proceed to
San Diego, arriving at 3:45. The
automobile will arrive home at
4 p. m., Friday.

AWARDED \$25,000.

 A \$25,000 verdict in favor of W.
W. Gates was returned in Judge
McCormick's court yesterday
against Attorney C. W. Randall.
The damage suit grew out of an
accident in October, 1931, when Mr.
Gates was struck by the lawyer's
automobile after alighting from a
street car in Seventh street.

 Delegates Plan Trips to All
 Nearby Cities

 The semiannual convention of
the Retail Furniture Association of
California will open this morning
at the Alhambra, and the sessions
will continue until tomorrow noon.
It is the first time the association
has met here. The delegates
will number about 200, when the
San Franciscans arrive on the Owl
today.

 Local furniture men are eager
to show the development of the
industry here, and point out that
Los Angeles has more retail fur-
niture stores than any city on the
Pacific Coast, among them the
largest retail store in the world.
Harry A. Saxe of San Francisco,
president of the association, will
preside at all sessions, and the
detail work will be in charge of
Edward A. Williams, the associa-
tion's new general manager.

 The program will open at 10:15
a. m., with an address of welcome
by President Fredericks of the
Chamber of Commerce, followed
by a welcome from the local in-
dustry by A. H. Volz, president
of the California Furniture Com-
pany, Los Angeles. Addresses at
the afternoon session starting at
1:30 p. m. will be as follows:

 "Advertising of a Retail Fur-
niture Business," A. Carman Smith;
"Costs, Accounting, Overhead, The
Proper Selling Price," A. D. Mac-
leod of A. D. Macleod & Co.;

 "Financing of a Retail Furniture
Business," Victor H. Rossett, vice-
president of the Farmers and
Merchants National Bank of Los
Angeles; "Transportation and
Freight Rates," George W. Adams;

 "The Furniture Business," A. H. Merritt
of R. L. & Sons, Inc.; "Problems
of a Pacific Coast Manufacturer,"
S. V. Green, Inglewood Chair
Manufacturing Company; "Problems
of the Pacific Coast Wholesale
Business," Charles R. Hill, and
S. A. Garrick, William
Volz Company.

 In the forenoon tomorrow, re-
ports will be made. The board
of directors' meeting was held last
night.

 The out-of-town delegates this
afternoon will visit the Alhambra,
Alhambra and San Gabriel; to-
morrow morning will inspect the
Los Angeles shopping district, and
tomorrow afternoon will visit the
local residential districts and the
beaches. The convention banquet
will be Saturday night, and will
be followed by a dance.
Extend Time
for Salvation
Army Campaign
 The annual spring drive of the
Salvation Army for funds in Los
Angeles was scheduled to end
Saturday night, has been extended
until next Tuesday by C. R. Boyd,
division commander of the
organization.

 Boyd stated last night
more time would be required by
the volunteer workers to com-
plete their canvass of the city. An
appeal also was made by Boyd
for more workers to give their
services in collecting funds in the
business district.

 Volunteers are asked to report to
Mrs. E. E. Jones in charge of the
campaign headquarters in the
Angelus Hotel. With volunteer
workers it is hoped by the Salva-
tionists that a \$50,000 fund will be
raised before the campaign closes.

NEWS VENDOR HELD

 Mike Elmore, a news vendor
and once an amateur boxer, was
held to answer yesterday by Jus-
tice Bledsoe on a charge of assault
by means likely to do great bodily
harm to William Hitter, a news-
paper carrier.

 Testimony adduced by Dep. Dis-
trict Attorney indicated that El-
more had broken the jaw of the
boy in three places.
SHORT CUTS IN
HOUSEKEEPING
 Efficiency experts have
turned to the home, offering
all sorts of suggestions for
doing everyday tasks in a
new way and doing new
things never before consid-
ered part of housekeeping.

 The Department of Agri-
culture has incorporated this
information in a splendid
free illustrated booklet. It
includes such topics as how
to make a fireless cooker; a
drainer that does away with
the drying of dishes; a serv-
ice tray; useless refrigerator;
shower bath, and a con-
venience for evaporating
fruit.

 To secure it, write name
and address clearly on the
